IOWA
ANGUS ASSOCIATION

Welcome

Iowa Angus BULL TEST & FEMALE SALE

Monday • MARCH 30, 2026 • 6 PM

Welcome to the 27th Annual Iowa Angus Association Bull Test Sale! We're excited to offer 46 performance tested bulls across the spring and fall divisions. Bulls were once again fed and managed at Kirkwood Community College. We would like to thank Terry (Bubba) Chapman and his students for their effort toward this project. All bulls have been genomically tested and will be sold based off an index (30% ADG, 20% BW, 20% YW, 10% Milk, 10% RE and 10% MARB).

Iowa Angus is excited and proud to offer for the first time, with this sale, a set of females from across the state. We have a variety of females to offer from yearling heifers, fall bred females and a selection of young cow/calf pairs. There will be 28 registered females, 7 commercial females and 3 embryo lots.

Whether you're looking for your next herd bull or quality replacements, this is a can't miss stop of the sale season. If you're looking for more information, please reach out to any of the sale contacts, consignors or me.

Thank You,
Tyler Orman

Health

Interstate health papers will be furnished on all cattle selling.
ALL BULLS HAVE PASSED A BREEDING AND SEMEN EVALUATION.

Terms and Conditions/Liability

All cattle are to be paid for immediately after the sale. Cattle sell according to the Terms & Conditions of the American Angus Association. Registrations papers will be transferred to the buyer at the seller's expense.

All persons attending this sale do so at their own risk, legal or otherwise. The sellers, sale managers, auction service and sale staff assume no liability for property loss or any accidents that may occur.

Announcements from the block will take precedence over the sale book.

Inspection of Cattle

Bulls will be available for viewing at Lamoni Livestock Auction from Friday, March 27, until the start of the sale on March 30. All bulls will have ID tags corresponding to sale book numbers.

Females will be available for viewing at Lamoni Livestock Auction from noon March 30 until the start of the sale. All females/calves will have ID tags corresponding to sale book numbers.

Brice Conover

• A very correct eye appealing fall bull that is very balanced, not only to look at but also balanced in his EPDs on paper as well. 4147 is a Maverick son that has tremendous width and thickness and is very correct in his feet and legs. Notice his top 3% of the breed foot angle. A bull that was the top standout prospect of his contemporaries at weaning when we picked him out as a herd bull prospect.

How to Use the QR CODES

Scan the QR Code next to each bull with your smart phone camera to view the lot video and current EPDs online!

View & Bid Online LMAAUCTIONS.COM

How to Register to Bid

1. Log in to LMAAuctions.com
2. Click on Register to Bid next to the sale that you have interest in.
3. The form will auto-fill with information that you provided when registering as a viewer. You are required to complete the fields highlighted red (First Name, Last Name, Address 1, City, State, Zip, Main Phone, Bank Name, Bank City, Bank State, Loan Officer and Bank Phone).
4. Check mark the authorization
5. Click on Register at the bottom of the page.

LMAAuctions.com does not do a blanket approval as each auction market approves their own buyers. Also, not all auction markets take online bids. Please contact the market to resolve any questions about bidding.

Your bidder registration is shared only with the markets where you have registered. Each market controls their own buyer database and approvals.

If you need additional support you may contact the LMAAuctions Technical Support team at 800-821-2048.

Harder Angus/Terry & Travis Harder

• Here is a heavier muscled bull with good growth numbers that still maintains acceptable CED and average BW. RAML Optics is a herd sire at Hoover Angus that sired their largest sire groups in 2022 and 2023. He adds a little frame and length of body per Hoover's comments. These pounds will translate into more pounds at weaning and in the feedlot.

2XL Cattle Company/Adam Krull

• 5161 is an elite calving ease prospect tracing back to our foundational Clova Pride lineage. This bull is a standout for sleep-all-night calving ease, posting a CED of +14 and a -1.8 Birth Weight EPD to rank in the top 5% of the breed. High calving ease, exceptional docility, and premium marbling are the hallmarks of this Clova Pride line, and 5161 delivers on all three—ranking in the top 5% for both Marbling and Docility. These combine to produce a top 5% \$C index of +363, making him a highly complete sire that excels in both the calving pen and on the rail.

2XL Cattle Company/Adam Krull

• 5313 offers a balanced performance profile, tracing directly back to a daughter of the breed-impacting donor 2XL Clova Pride 6230. Built on a foundation of maternal excellence, he posts an elite \$M index of +99 (Top 4%). This bull excels in functional traits, ranking in the top 15% for Foot scores and Docility, along with top 20% for Teat scores. Mirroring his dam's high-quality udder and the proven docility of the Clova Pride family, 5313 is designed to sire sound, easy-to-handle daughters that will produce calves with high end product merit.

• 5144 is a maternal specialist from our Erica family, engineered specifically to be an elite female maker. A standout for structural integrity, 5144 ranks in the top 5% for Teat and Udder and top 20% for Foot scores—traits directly inherited from his dam's perfect udder and feet. As a smaller-framed, easy-fleshing individual, 5144 is built for efficiency and longevity, ranking in the top 10% for \$M. While he is suitable for use on heifers, his greatest value lies in his ability to produce low-maintenance daughters with exceptional feet and udder quality.

DKT Angus Farms/Tyler Orman

• 5838 is a heifer safe bull that traces back to one of my very first cows, a bull that through January has been one of the highest gaining bulls on test. This bull will produce females that will make the replacement pen and produce steers which will take off and grow. If you're looking for sleep all night calving ease, this is your bull. Top 15% for BW; Top 20% Docility, Claw, Angle and Teat.

• Not only was this bull our top bull at weaning this fall, he is also a full brother to the \$13,000 top selling bull at the 2025 Iowa Angus Bull Test Sale a year ago selling to Spear Angus Farms, IA. 513 has a tremendous EPD package from modest BW to tremendous udder and yearling weights and EPDs. Look at this very impressive herd bull prospect that combines phenotype with tremendous data and EPDs to go with it. You can get it all in one package here!

• A very impressive bull that has a very strong and balanced EPD spread from low sub-zero BW to Top 25% Weaning Weight and Yearling Weight to go with it. A big scrotal and high marbling bull that is also very easy to look at and like. This one from the time he was a young calf, we just knew he was a top herd bull. Recommended for heifers or cows. Either way, he is a sure-fire calving-ease bull that offers so much more. His very impressive young mother is a donor in our program right now.

2XL Cattle Company/Adam Krull

A fourth-generation descendant of the Erica of Ellston M231 family, 4024 is a smaller framed, broody female designed for maternal efficiency. Her pedigree is stacked with foundational maternal lines, resulting in a performance profile that excels in longevity and profitability. She posts two key indices in the top 5% of the breed with her \$M index and Functional Longevity (FL) scores, underscoring her potential as a low-maintenance dam. With an exceptionally balanced EPD profile and an attractive phenotype, 4024 offers the predictable maternal design required for long-term productivity.

2XL Cattle Company/Adam Krull

2XL Barbaramere 4020 is a high-impact female backed by the proven maternal excellence of her granddam, 7220. A benchmark for fertility, 7220 maintains a flawless production record, having calved seven times with a 367-day average calving interval. This legacy of reproductive efficiency is reflected in 4020's +15.7 Heifer Pregnancy (HP) EPD (Top 2%). Designed for long-term productivity, she features a top 10% \$M index of +85. Phenotypically attractive and thick-made, 4020 offers the structural integrity and data required to be a highly productive female.

2XL Cattle Company/Adam Krull

4181 is a standout Fair-N-Square daughter from the Clova Pride family, offering superior structural quality with top 15% rankings for Teat and Udder scores. Her performance lineage is well documented with flush brothers to 4181 selling at the Midland Bull Test where they were recognized for their thickness and powerful phenotype. With individual data ranking in the top 5% for WW, YW, and HP, 4181 is a highly productive female built for maternal longevity. She'll sell as a pair with a bull calf born on February 5 (BW 66 lbs.) sired by Ellingson Lakota, a mating designed to double down on elite docility, foot quality, and high-impact phenotype.

2XL Cattle Company/Adam Krull

• A high-performance prospect, 5113 represents the fourth generation of the Lilly line at 2XL. This big-framed heifer combines elite growth with superior maternal traits, posting top 5% rankings for both Weaning Weight (+91) and Yearling Weight (+161). Her granddam, 1213, is a proven producer with a weaning ratio of 104 on three calves, underscoring the consistent performance of this family. With top 10% Milk and a top 4% Heifer Pregnancy EPD, 5113 is a high-impact female built to produce scale and maternal longevity.

2XL Cattle Company/Adam Krull

• A performance-driven granddaughter of the breed impacting donor 2XL Clova Pride 6230, 5291 features the highest Combined Value index in our offering at +365 \$C (Top 4%). This heifer excels in every measurable category, balancing elite growth—top 5% for WW and YW—with superior maternal function, including a top 5% Heifer Pregnancy EPD. Her data is anchored by a top 10% \$M index, ensuring she carries the maternal efficiency and docility the Clova Pride family is known for. 5291 is a balanced, high-impact female designed to deliver performance and profitability.

2XL Cattle Company/Adam Krull

• 5127 is a high-indexing calving ease specialist tracing directly to 2XL Clova Pride 6230, the most influential donor in our program's history. 6230 has established a significant footprint in the breed with 171 genomic progeny, including numerous sale-toppers at Stevenson's Diamond Dot where her offspring have consistently been high-demand highlights. This heifer carries that elite legacy, ranking in the top 5% for \$M (+94) and top 10% for \$C (+353). With top 10% rankings for HP, Milk, and Docility, 5127 is a genetically superior female built for multi-trait productivity.

Linn Haven Farms/John Prasil

• A heifer we probably shouldn't be selling, but we have made the commitment to support this sale with some of our best. This is a good heifer with a great set of numerical data. The bloodlines speak for themselves in her pedigree, and I have no doubt she will make an awesome cow.

- 3 IVF Nonsexed Embryos
- EXAR Forever Lady 0586 is a former show heifer that was 2nd at 2011 NWSS and 4th in 2011 NJAS. We purchased EXAR Forever Lady 0586 after she had already produced the 2015 Supreme Champion at the California State Fair for Brittney Hefner, Champion Heifer 2015 Oregon State Fair, Supreme Champion Washington State Fair and Champion Owned at Northeast Regional Angus Show for Corrie E Falleur, and 2015 Champion Montana State Fair Angus Heifer for Nicole Stevensen. These heifers were peas in a pod.
- Since then, she produced a class winner at the 2019 NJAS for Harlow Gorman, TX, and a daughter sold in the EXAR Honor Roll Sale for \$25,000 to Bowen Bridges in 2019.
- The granddam of 0586 was the \$75,000 twice NWSS Reserve Grand Champion, VAR Forever Lady 4303, and a past ROV Embryo Dam of the Year, generating more than \$2 million in progeny sales. Here is your chance to start your own dynasty.

- Goes back to the National Champion Heifer Yon Hazel T154, AI Bred to Boyd Bedrock due October 20. Nice made and moderate, the only reason she is bred for fall is she sluffed her calf during the Angus tour last summer due to the heat. We should keep her but wanted to offer up a high quality one for this first female sale.

Wyatt Mobley

- A direct daughter of one of my favorite Pathfinder cows, her mother is beautifully made, big bodied and moderate in her size and just a never miss kind of cow. AI Bred to Basin True Grit and due approximately November 20. She lost her calf at calving due to a water bag but a nice one for this first female sale.
